Bighorn Mining Ltd., based in Alberta, is developing a coal mine for export markets.

Conuma Coal Resources Ltd. | Coal

Founded in mid-2016, Conuma Coal Resources is a stand-alone, metallurgical coal producer based in Northeast British Columbia, Canada. Conuma's surface mine operations at Brule and Wolverine produce more than 4 million tonnes annually, and provide more than 850 jobs and security for families in the Peace River Regional District.

Gibson Energy ULC | Petroleum

Gibsons has been providing essential midstream services to the North American energy industry for over 60 years. Headquartered in Calgary, Alberta, Gibsons is engaged in the transportation, storage, blending, processing, marketing and distribution of crude oil, condensate, NGLs and refined products. The Company also provides emulsion treating, water disposal and oilfield waste management services and is the second largest retail propane distribution company in Canada. Gibsons is traded on the TSX under the symbol GEI.

Husky Energy | Petroleum

Husky is an integrated energy company with its headquarters in Calgary, Alberta. It has operations in Western and Atlantic Canada, the United States and the Asia Pacific region.

Keyera Corp. | Petroleum

Keyera Corp. (TSX:KEY) operates one of the largest midstream energy companies in Canada, providing essential services to oil and gas producers in the Western Canada Sedimentary Basin. Its business consists of natural gas gathering and processing, natural gas liquids processing, transportation, storage, marketing, iso-octane production and sales, and a condensate system. Keyera is committed to conducting its business ethically, safely and in an environmentally and financially responsible manner.

K+S Potash Canada | Potash

K+S Potash Canada GP is part of the K+S Group, an international resources company that has been mining and processing mineral raw materials for 125 years. K+S is currently building the Legacy Project, a potash solution mine and production facility, located near Moose Jaw, Saskatchewan. Legacy will be the first new Greenfield potash mine constructed in Saskatchewan in nearly 40 years. Commissioning is targeted for the summer of 2016. K+S projects the mine to reach the two-million-tonnes mark of production capacity by the end of 2017. Potash products from the Saskatchewan mine will be transported to Port Moody, British Columbia by rail and then shipped to international clients through the port of Vancouver.

Lafarge Canada | Cement | Aggregates | Concrete

Lafarge is Canada's largest provider of diversified construction materials and a member of the global group, LafargeHolcim. With 6,000 employees and 400 sites across Canada, our mission is to provide construction solutions that build better cities and communities.

Lehigh Cement | Aggregates | Cement | Fly Ash

Lehigh Cement produces cement, aggregates (crushed rock, sand and gravel), ready mixed concrete, asphalt, and a range of other building materials including precast concrete products, pressure and gravity pipes, roof tiles and clay bricks. Lehigh is an affiliate of Lehigh Hanson Canada, part of the HeidelbergCement Group, one of the largest building materials manufacturers worldwide. The HeidelbergCement shares are listed on various German stock exchanges.

MEG Energy | Petroleum

MEG Energy is a pure play Canadian oil sands producer engaged in exploration in northern Alberta. Headquartered in Calgary, Alberta, MEG is focused on sustainable in situ oil sands development and production in the southern Athabasca oil sands region of Alberta. MEG Energy also has a 50% ownership stake in Access Pipeline. MEG is traded on the TSX under the symbol "MEG".

Millar Western Forest Products Ltd. | Forestry

Millar Western is a worldwide supplier of softwood dimension lumber and specialty wood products, and hardwood and softwood bleached chemi-thermo-mechanical pulp. The Company operates integrated lumber and pulp facilities located in Whitecourt, Alberta and sawmills in Boyle and Fox Creek, Alberta. Its head office is located in Edmonton, Alberta. Millar Western is family-owned and privately held.

Montem Resources Corp. | Coal

Montem Resources is a metallurgical coal explorer, developer and future producer. The company is committed to achieving success through the pairing of world-class assets with an exceptional management and operational team. Montem owns six strategically located and high quality metallurgical coal properties in Alberta.

Sherritt International | Mining

Sherritt International is a world leader in the mining and refining of nickel from lateritic ores with operations in Canada, Cuba and Madagascar. The Corporation is the largest independent energy producer in Cuba, with extensive oil and power operations across the island. Sherritt licenses its proprietary technologies and provides metallurgical services to commercial metals operations worldwide. The Corporation's common shares are listed on the TSX under the symbol "S".

Standard General | Aggregate | Asphalt

Standard General Inc. is a major civil construction contractor that has been serving the Greater Edmonton Region for over 45 years. We build major public roadways, private developments and industrial construction projects. We also produce various aggregate materials that are shipped by rail to our customers. Standard General is part of the Colas Group of Companies, a worldwide leader in the construction and maintenance of transport infrastructure.

Sultran Ltd. | Sulphur | Petroleum

Sultran Ltd., a private company owned by major oil and gas producers, manages the logistics of moving around three million tonnes of sulphur annually via rail from origins in western Canada to two terminals on the Canadian west coast, for unloading, storage and loading to vessels. Sultran owns Pacific Coast Terminals, a state-of-the-art, marine bulk terminal on Burrard Inlet in Port Moody, British Columbia that provides handling and storage services to the sulphur, potash, glycol and canola oil industries.

Suncor Energy Inc. | Petroleum

Suncor Energy is Canada's leading integrated energy company. Suncor's operations include oil sands development and upgrading, conventional and offshore oil and gas production, petroleum refining, and product marketing under the Petro-Canada brand. A member of Dow Jones Sustainability indexes, FTSE4Good and CDP, Suncor is working to responsibly develop petroleum resources while also growing a renewable energy portfolio. Suncor is listed on the UN Global Compact 100 stock index and the Corporate Knights' Global 100.

West Fraser | Forestry

West Fraser is a leading North American integrated wood products company producing lumber, wood chips, laminated veneer lumber, medium density fiberboard, plywood, pulp and newsprint. The Company has operations in western Canada and the southern United States. West Fraser shares trade on the TSX under the symbol: "WFT".

Strategic Partnership

WCSC and Pulse Canada

In December 2015 WCSC and Pulse Canada developed a strategic partnership to collaborate on transportation issues of mutual interest. Pulse Canada is a national industry association that represents over 35,000 growers and 132 processor/exporters of peas, lentils, beans and chickpeas. Canada is a world leader in pulse production and exports, with over 5.2 million tonnes of pulses and special crops moving through Canadian corridors to more than 150 markets around the world.
